 OP GROTTO 

It was a busy evening for our officers on OP GROTTO last night. Our officers attended a report of a break in progress at Highham Road in Chesham. Luckily the offender was scared off before they got into the property. However due to the swift response of our attending officers, a suspect has been identified and is currently in custody. The Priority Crime Team will be investigating this incident today. Whilst we are working hard to disrupt our offenders, we are continuing to have burglaries across South Buckinghamshire and Wycombe.

Remember these top tips:

- double check you've locked all your doors and windows before leaving
- keep bags and keys away from your letterbox or cat flap
- use a timer to automatically turn lights on

 FARMER'S ACCESS BLOCKED AT HOMEFIELD WOOD, BOCKER END 🚗

Please take care when parking and consider farmers who need to access their farmland.

This farmer had to wait 2 hours for drivers who had parked vehicles restricting access to return. Please also consider that farmers often have BIGGER vehicles, may be towing and need EXTRA SPACE!

Any vehicles parked causing an 'Unnecessary Obstruction' may be subject to a 'Fixed Penalty Notice' and/or removal at the owners expense. Please share this to anyone you know uses the area. Thanks in advance.

PCSOs from the Wycombe neighbourhood team have been conducting increased patrols around Daws Hill estate in response to recent theft from motor vehicles and burglaries in the area. They have also been looking for houses in darkness during the evenings and leaving a leaflet about keeping a light on.

Are you familiar with the "leave a light on" Campaign? 🏠 Making sure to leave a light on will help to make your home looked occupied while you are away, making it a less attractive prospect for burglars, light timer switches are effective for this and can be purchased for relatively cheap.

The White Ribbon charity aims to prevent men's violence against women and girls by challenging cultures that lead to harassment, abuse and a fear of violence that women experience in their day-to-day lives.

Did you know?
70% of women in the UK say they have experienced sexual harassment in public. (APPG for UN Women, 2021)
