Whilst on a police operation, a male walked past officers making sarcastic comments before driving off. While he was collecting his breakfast from a well known fast food outlet 🍔🍟🍷 officers conducted checks on the vehicle & male, and discovered he was wanted for five criminal offences, all of which were committed in his car 🚗. On his return with his hot breakfast, he was swiftly arrested in connection with these offences and his car was seized as being used in crime.

! Top tip ! If you're going to commit crime, don't draw attention to yourself in front of police officers! 🙄 They WILL make enquiries and they WILL catch up with you! 🚔

Say 'no no no' to buying an e-scooter this Christmas 🌲 🛒

Did you know:

🛒 E-scooters are classed as motor vehicles (just like motorbikes and cars!)

❌ It's not currently possible insure a privately owned e-scooter meaning if you use a one in public (including on the road or pavement), you risk it being seized

❌ E-scooter riders are at risk of serious injury if involved in a collision

🛒 E-bikes must be limited to 250w in power, limited to 15.5mph and not be ridden by anyone under 14yrs old.

Last month across the force, we seized 80 e-scooters and e-bikes, with 33 of these seizures being e-scooters 🛒

Where e-scooters are ridden by children we may also make a Child Protection referral.

Make sure you know the law and dangers surrounding e-scooters and e-bikes before purchasing.
