Last week drug detection dogs 'Toby' and 'Ink' were at a local school working their way around the classes to check, educate and safeguard our local students. This also provides an opportunity to meet the people, and the paws, behind policing. Drug detection dogs are trained to use their exceptional senses to detect substances, such as illegal drugs – even detecting if someone has been in contact with someone else using drugs.

We're pleased to say that nothing was found and parents will receive a letter updating them on the operation 📧

Thank you to Toby and Ink for a job well done! 🐾

MARLOW NHPT PROMOTING 'SAFER BUSINESS ACTION WEEK' (SaBA)

Officers from Marlow NHPT are out-and-about today, helping to promote SaBA week.

Joined by a representative from TVP's Business Crime Reduction Partnership, the team are visiting businesses in the Marlow area and introducing 'DISC' - A secure online information-sharing system, allowing retailers to report, access and share information about crime such as shoplifting and ASB.

For more information or to sign up, please see the attached leaflet.

**DISC:**  
Help protect your business from retail crime and ASB

**RETAIL CRIME STRATEGY**

The Police and Crime Commissioner's Retail Crime Strategy has 6 pillars

**Intelligence**  
Encourage reporting through Disc.

**Enforcement**  
Improve the police response to restore confidence and reduce offending. Delivery of Operation Purchase. Creation of a Business Crime Team to improve investigations and identify prolific offenders.

**Partnership**  
Creation of a Thames Valley Business Crime Reduction Partnership. Set shared expectations between businesses and the police.

**Prevention**  
Deter offending, increase the use of Criminal Behaviour Orders and share best practice.

**Matthew Barber**  
Police and Crime Commissioner

"My Retail Crime Strategy aims to create a hostile environment for those who commit crimes in our local economy."

"Developed jointly with retailers and Thames Valley Police, the strategy sets out tangible actions to support businesses and reduce crime."

Disc is a secure online information-sharing system that allows retailers to report and access information about crime such as shoplifting and anti-social behaviour

At no cost, retailers across the Thames Valley can use the Disc smartphone App or Disc Desktop to:

- Access galleries of known offenders.
- Submit incident reports about them, and about new offenders.
- Submit a crime report direct to Thames Valley Police, saving time by removing the need to report via 101.
- Send and receive instant

Wycombe NHPT have been out engaging with local businesses this week promoting safer businesses and business crime reduction. We offered advice on reporting and engaged with the owners. We continue working in partnership and will continue prosecuting shoplifters. #OpPurchase #OpSABA

Back in February, two of our Wycombe Police Cadets gave up half a day of their half term break to come in and work with the Marlow Neighbourhood team, as part of the Volunteer Police Cadets programme. The Cadets used speed guns, visited the CCTV control room, visited Wycombe police station, patrolled the Wooburn Green & Bourne End areas, completed foot patrol with officers in Marlow, and saw officers removing branches blocking a road reported by a member of the public. They were kept very busy and got to experience a range of different jobs our Neighbourhood officers undertake in a typical day. Thank you to those Cadets for their hard work during their school holidays!

Neighbourhood Officers were out with the DVLA today to target those traffic violators. Four cars were lifted, 20 cars were clamped and 39 were issued fines for no tax. Seven tickets were also given to vehicles where their owners decided to block footpaths. [#wycombenhp](#)

Thank you very much to the 1st Burnham and Hitcham Scout Group for having us 🙌

The Princes Risborough Neighbourhood Team were on the High Street in Princes Risborough from 16:00hrs-17:00hrs today doing a have your say and pop up Police Station for safer business action week. It was great to speak to so many of you and hand out crime prevention advice. Please keep an eye out for our next event which will be advertised on social media too! [#c9588](#) [#p8207](#)
