Neighbourhood Team attended [#GerrardsCross](#) and [#Fulmer](#) today to conduct speed checks on 30mph roads.

[#WindsorRoad](#)  
120 vehicles checked – x15 vehicles recorded between 31 and 35mph. x1 at 39mph.

[#WindmillRoad](#)  
105 vehicles checked – x5 vehicles recorded between 31 and 35mph. x3 between 36 & 40 mph.

Why are we doing this?  
Because you (residents) have asked us to. It has been identified as one of your top priorities/concerns.

Haven't we got anything better to do?  
Reducing speeding is important. It's not about giving tickets and issuing fines. If our presence deters speeding and prevents an accident/injury, this is job done.

Wouldn't our time be better spent catching burglars and murderers?  
Don't worry, we have specialist teams for that, our time spent educating motorists has no impact on this.

Why don't you come to my area?  
We do, different Neighbourhood Teams are out and about at different times. Follow us on Facebook to see where we've been.

! 71% of women in the UK have experienced sexual harassment in a public space

Non-contact sexual offences, have historically been overlooked in society as a form of violence against women and girls, but it's time to change this! Today, the 'It Does Matter' campaign launches alongside campaigner Lisa Squire who lost her daughter Libby in 2019 when she was at university to a sexual predator with an extensive history of escalating offending.

The campaign aims to educate and empower victims to come forward with their stories and report non-contact sexual offences.

✕ KNIFE AMNESTY UPDATE ✕

Officers have today emptied the knife amnesty bin located in the front entrance of High Wycombe police station, and there were well over 100 knives & other bladed articles surrendered. There were so many, the inner container shown here in the photo was overflowing.

It's a double edged sword (sorry!) because we're pleased that so many knives have been taken off the streets, but shocked and horrified that they were out there in the first place. It terrifies us the damage that some of them could have done.

Please continue to post knives in the bin, there are no consequences of doing this and it could help save lives. Wycombe Police Station is open 08:00-16:00 Monday-Friday.

⚠️ DANGEROUS PARKING DURING SCHOOL RUNS AT BURFORD SCHOOL ⚠️

As our children start their new school term, a reminder to please park considerately. The images show poor parking at Burford School, Marlow Bottom. Please don't park on drop-kerbs, within 10m of a junction or opposite junctions (unless in a dedicated parking bay).

Inconsiderate parking can:

- 🚫 Be dangerous
- 🚫 Lead to road traffic collisions
- 🚫 Be the direct cause of injuries to other road users
- 🚫 Put children at risk

🙏 Please ensure that you arrive in good time to drop off and pick up

👮 In response to the ongoing anti-social behaviour in the area, Bucks county council worked with police to place a partial closure order on the Dovecot carpark in High Wycombe back in July this year. The closure order works to prohibit anyone entering and dwelling in the carpark for anything other than it's intended purposes. Through working closely with representatives from Sainsburys, our business community, the carpark's security team and Bucks Council, we have seen the anti-social behaviour decreasing and can say the closure order has had an overall positive impact. Officers have also increased their patrols around the carpark and have so far carried out eight arrests in response to breaches of the closure order. Sainsburys have informed us they have also seen a reduction in shopliftings and overall crime due to the targeted action and increased police presence.

👮 We're now working with the council to extend the closure order to be in place for a longer period of time, by doing so it will allow our partners some room to work on longer term solutions to keep the carpark secure. We will continue to work to deter and prevent criminal activity in the carpark to ensure it's a safe environment for all customers.
