VAPE SUPPLY IN MARLOW

5 days ago

A HUGE thank you 🙏 to residents in the Newfield Gardens area of Marlow for their continued reports of vehicles involved in suspicious activity, supplying vapes to teenagers.

Increased 🚓 patrolling 👮 in and around the area, identifying those involved from vehicles number plates, seems to have brought this unacceptable activity to a halt. However, please remain vigilant and report any further suspicious activity - 🙋 'If we don't know, we can't help' 👍

Neighbourhood officers have been conducting speed enforcement in Chesham, Gerrards Cross and Fulmer this morning. We did notice that within minutes, we were flagged on local mapping applications.

A disgruntled resident in Gerrards Cross informed us that we were "Catching the wrong speeders".

We were a little perplexed as to who are the right speeders. The road is a 30mph limit

Alongside regular cadet nights we also get some special visitors!
