The Marlow Neighbourhood team have been responding to recent reports of livestock worrying - the act of dogs chasing and attacking livestock causing their injury, death or great distress, we most commonly see this with sheep 🐑

Livestock worrying can have detrimental effects on our farming communities and is highly expensive for farmers. Please help your rural neighbourhood teams protect and support them by:

🐕 Keeping your dog on a secure lead at all times especially in rural areas or any areas you know will have livestock nearby, even if your dog is well trained with great recall, no dog is immune to a natural instinct to chase and you cannot predict their behaviour with absolute certainty

🐕 Please ensure all your fencing and gates are secure so there is no risk of your dog escaping and finding their way to the livestock

Failure to keep dogs under control can result in a large fine and court action, please be safe and respectful of the countryside when walking your dogs this Spring 🐕

PLEASE KEEP ALL DOGS ON A LEAD

REPORT LIVESTOCK ATTACKS

IF YOU ALLOW A DOG TO WORRY LIVESTOCK, YOU MAY BE PROSECUTED OR FINED AND ORDERED TO PAY COMPENSATION.

We have recently seen a number of comments on our social media about unlawful begging in the Wycombe town centre.

While we understand this is a reoccurring issue in the town centre, we will not be able to deal with these offences to the fullest extent without you reporting properly. If we can evidence that an individual is persistently and/or aggressively begging, we will be able to take action against them, such as applying for a criminal behaviour order.

Individuals who are struggling with homelessness, substance misuse or finances can be supported by the relevant agencies and the neighbourhood team often make referrals directly to the services for them.

Please report begging offences you have been the victim of or witness either at <https://orlo.uk/gpO34> or via 101 📞 (Always call 999 in an emergency)
